Guide for Writing Personal Statement or Statement of Purpose for Universities

Introduction

Introduce yourself and why you want to study for example, a degree in Business, Computing or Engineering in some cases through the Foundation route?

A brief background about myself

University wishes to know why you want to study your chosen course, does it relate to your future ambitions. Example: if you wish to become an Engineer or a Nurse, you must have your reason and possibly why you studied science subjects in Secondary School

Why I chose the degree course I want to study

Mention your reasons for choosing the course and if possible, mention some modules/subjects you expect to study on the course why you really want to study them. In some cases – Why did you not study until now? Why do you think you can study now?

If there have been gaps in your education, please provide the reason. If necessary, support your reasons with documents. For example, you may have been working or took a gap year abroad. Also, if applicable to you, talk about your past issues or responsibilities which did not allow you to study and how did you manage to handle those issues now.

Why I chose University of Xyz for my studies in UK

Try to Google the University in advance for information about the University. Give your honest responses about the University. It could be because of the location or because of its history or pedigree or because the University has excellent reputation in the course you want to study at the University, etc

Why I chose to study in the UK

Explain the motivating factor for your wanting to study in the United Kingdom

How my studies in the UK will benefit my Career

Explain your post study plans. What do you wish to do once you attain your degree? Try to write about your ambition and how this degree will help you achieve your dreams?
