take 2 years to complete this same course. So I easily can save my 1-year by studying in UK.

- Searching the Australian universities website via online, on average, the annual tuition fees are lower in the UK. Such as the tuition fees for MBA in UWTSD is (£12,00GBP) and the same course at Western Sydney University in Australia the tuition fee is (27,950 AUD) per year.
- UK degree is more valued and well excepted to our country.
- Most of the UK universities offer scholarship to the international students as I received £3000 which is very rare in USA or Canada.
- UK weather is also better than USA and Canada

- Most importantly, this is a multicultural country where I will get chance to explore with other customs and I can expand my network.

Note: it is not necessary to mention all the points in this answer, mention at least 3 and then try and have your own answer, again copying word to word might result in fail.

22.

How did you choose which university to study at in the UK?

Example Answer:

I have attended local educational fair in India in month of January 2020, there I came to know about the university. Then I also searched about review of the university on Internet.

I watched video on YouTube as well. I also got info of university on social media.

Note: Please make sure you answer this question in your own words, if you will copy and say word to word, there are chances you may fail the interview.

23.

Which other university you consider? At least 5/7

Example Answer-

Well, before applying into this university I had checked out Brunel University, London South Bank university, Middlesex university. But its fees are £14270 and business rank is 64 and it's location in Middlesex so I drop out for this university. Secondly, LSBU, fees of this university is £14470. and location in London but modules also didn't attract me and the business rank of this university is 83 so I don't like modules and rank. And then I search Middlesex University. In this university I like location, fees but modules are not contains HRM and financial management and the business rank is 86 so I do not go for this

university. Then after I go for this and I like in this university location, fees are £11,850 so this is in my budget and also I like modules and this university rank is 7 in UK for students satisfaction and business rank is 14 and university received a silver teaching excellence framework award in June 2017. So I chose to study in(Name of the chosen university).

Note: Please make sure you answer this question in your own words, if you will copy and say word to word, there are chances you may fail the interview.

24.

Why did you decide not to study in your home country?

(You need to explain why is the UK better for study and not your home country)

I want to study in the UK because a degree from a British university is widely recognized and valued in my country and also around the world.

- Firstly, UK education System is more focused on practical based whereas in my country education system is mainly based on theory.
- UK degree's course duration is shorter than my country. In UK students can complete their MBA course in one year whereas in my county it takes 2 to 3 years. Sometimes even more than this because of sessional congestions. So, students in UK can easily save their valuable time.
- UK University offers fair

scholarship for international students as well whereas in my country there is no chance to get this scholarship.

- UK University is more diversified than our country. So students in UK can mix up with various cultures and they can make a strong network for their employment, which is not possible in India.
- Study in UK will also help me to develop my excellent language Skills.
- More importantly it will add value on my social status as well.
- Additionally, I can develop International connections, which can help in job or business sector.

		<ul style="list-style-type: none">➤ I will get to know about their different products and culture also.➤ Considering all these I feel more interest to study in UK rather than my country. <p><i>Note: Please make sure you answer this question in your own words, if you will copy and say word to word, there are chances you may fail the interview.</i></p>
